- **Bachelor's in Computer Application (BCA)**
  Maulana Mazharul Haque University (Patna)
  April 2022 – 2025

- **Full-Stack Web Development**
  Masai School
  May 2022 – Feb 2023

- **Intermediate(12th)**
  Z.A Islamia Collage, Siwan
  March 2020 – March 2021

Hobbies

Solving DSA
Exploring about universe
Playing Video Games

About Me

A self-motivated and ambitious MERN Stack Developer with strong proficiency in JavaScript, React, Node.js, and MongoDB. Skilled in building scalable full-stack applications with a problem-solving mindset and a collaborative approach. Completed 1200+ hours of coding and developed 4+ fully functional projects, gaining hands-on experience in end-to-end web development. Eager to contribute as a reliable and innovative developer in a forward-thinking tech company in 2025.

Projects

Online Voting App 🔗 🐙

A simple and secure online voting system where users (voters) can register, log in, and cast their votes in different elections. The app provides APIs to manage voters, create elections, and record votes, ensuring fair participation and transparent results.

Features:

Voter Registration & Authentication | Election Management | Vote Casting

Real-time Results | Secure Database | Token-based Authentication (JWT)

Tech-Stack:

React | JavaScript | Material UI | Node.js | Express.js | MongoDB Atlas

Mongoose | JSON Web Token (JWT) | bcrypt | Render | Vercel

Good Food 🔗 🐙

Good Food is a food ordering website. Makes easy to order food online from any restaurant.

Features:

Navbar | Login | Cart | Authentication

Tech-Stack:

React | JavaScript | HTML | CSS | Chakra UI

Achievements

Advanced Diploma in Computer Applications (ADCA) From: Institute of Computer Literacy & Training
March 2021 – March 2022

Zoom marathon challenge, Masai School
16-11-2022 To 11-12-2022
